Oysho Royal Parks Half Marathon
2027 Corporate Race Rules of Entry

The Oysho Royal Parks Half Corporate 13.1 rules of entry are outlined below:

1. All companies entering a team in the Oysho Royal Parks Half Corporate 13.1 must have a minimum of four (4) participants. If you have less than four (4) interested participants, you can still purchase places for one (1), two (2) or three (3) individuals however these individuals will not be entered into the Corporate 13.1. There is no maximum number of teams that one company can enter, subject to availability of places (this is strictly limited and will be sold on a first come, first served basis). If you wish to purchase more than 200 places, please email **corporates@royalparkshalf.com**.
2. The company acknowledges the Royal Parks' goal of reducing carbon emissions associated with participant travel. In support of this, the company shall take reasonable steps to promote domestic participation and will limit overseas allocations where possible. The company is not responsible for enforcing specific allocation limits but will work in good faith to advance this sustainability objective.
3. All companies must nominate one (1) "Team Manager" who may or may not be running, but who will be the main point of contact for administrative purposes. If this person leaves the company, it is their responsibility to nominate a new Team Manager and update the contact information prior to their departure.
4. The Team Manager will be required to enter details for each participant (email address) so the participant may receive their registration link. Team Managers must receive permission to share this information with the Oysho Royal Parks Half Marathon from each participant prior to entering the participant's details.
5. Each participant must then click on the registration link which is emailed to them and **complete their registration before 17:00 BST on Wednesday 01 September 2027.** Once your participants have completed their registration and are ready to run, they will appear with a green tick next to their name on your console.
6. **After 17:00 BST on Wednesday 01 September 2027 no changes can be made to your registered participants, and no additions can be made**.
7. If a company enters seven (7) or more participants, the Team Manager can move participants between sub-teams on their log in area. For example, a company with twenty (20) participants might chose to create sub-teams of seven (7), seven (7) and six (6) participants respectively to represent their three (3) different branches.

Oysho Royal Parks Half Marathon
2027 Corporate Race Rules of Entry

8. The members of each sub-team must be decided and completed by the Team Manager on their log in area. Team members are not interchangeable on race day. Teams can be created on the console from Thursday 02 September 2027 and must be completed by Monday 04 October 2027, anybody not submitted in a team by this date will run as an individual.

9. All participants must be over 17 years of age, agree to the overall Runner Terms and Conditions and each participant must complete the full run (no relays!).

10. All places ordered are non-refundable and cannot be transferred to subsequent events. Participants no longer able to take part can be substituted with a new participant up until the participant registration deadline of 17:00 BST on Wednesday 01 September 2027 but the new participant must be fully registered online and have agreed to the Runner Terms and Conditions before that date. New participants may NOT use the details of a non-participant in order to take part.

11. You can pay for your team's places online or request an invoice for payments by BACS or cheque. Monies will be due thirty (30) days after registering or by the participant registration deadline, whichever is the sooner. Any teams that have not paid in full by the participant registration deadline will not be permitted to participate.

12. Additional places can be purchased, subject to availability, by the Team Manager through the Group Leader dashboard of the Oysho Royal Parks Half registration system, Njuko. As cancellations and refunds are not possible, we recommend that companies buy only the places they need initially and buy additional places as and when necessary.

13. There will be three (3) Team Challenge trophies, one for the fastest All Male Team, one for the fastest All Female Team and one for the fastest Mixed Team. They will be awarded based on the fastest four (4) participants (based on chip times, not gun times) in that team. Teams with fewer than four (4) participants completing the race will not be eligible for a Corporate 13.1 trophy.

14. To qualify as a mixed team, the four (4) fastest times from your team must be made up of two (2) males and two (2) females. In the event that your team is made up of more than four (4) participants, and the split is not 50/50, we will pick the two (2) fastest males and the two (2) fastest females to make up your mixed team of four (4).
